YOU ALL

HAVE HEARD OF

HOOFLAND'S GERMAN BITTERS,

AND

HOOFLAND'S GERMAN TONIC.

Prepared by Dr. C. M. Jackson, Philadelphia. Their introduction into this country from Germany occurred in

1825.

THEY CURED YOUR

FATHERS AND MOTHERS,

And will cure you and your children. They are entirely different from the many preparations now in the country called Bitters or Tonics. They are no tavern preparation, or any thing like one; but good, honest, reliable medicines. They are

*The greatest known remedies for*

Liver Complaint, DYSPEPSIA, Nervous Debility, JAUNDICE, Diseases of the Kidneys, ERUPTIONS OF THE SKIN, and all Diseases arising from a Disordered Liver, stomach, or

*IMPURITY OF THE BLOOD.*

Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil and Great Depression of Spirits.

*All these indicate diseases of the Liver or Digestive Organs, combined with impure blood.*

HOOFLAND'S GERMAN BITTERS

is entirely vegetable and contains no liquor. It is a compound of Fluid Extracts. The Roots, Herbs, and Barks from which these extracts are made, are gathered in Germany. All the medicinal virtues are extracted from them by a scientific Chemist. These extracts are then forwarded to this country to be used expressly for the manufacture of these Bitters. There is no alcoholic substance of any kind used in compounding the Bitters, hence it is the only Bitters that can be used in cases where alcoholic stimulants are not advisable.

HOOFLAND'S GERMAN TONIC

is a combination of all the ingredients of the Bitters, with PURE Santa Cruz Rum, Orange, etc. It is used for the same diseases as the Bitters, in case where some pure alcoholic stimulus is required. You will bear in mind that these remedies are entirely different from any others advertised for the cure of the diseases named, these being scientific preparations of medicinal extracts, while the others are mere decoctions or rum in some form. The TONIC is decidedly one of the most pleasant and agreeable remedies ever offered to the public. Its taste is exquisite. It is a pleasure to take it, while its life-giving, exhilarating, and medicinal qualities have caused it to be known as the greatest of all tonics.

DEBILITY.

There is no medicine equal to Hoofland's German Bitters or Tonic in cases of Debility. They impart a tone and vigor to the whole system, strengthen the appetite, cause an enjoyment of the food, enable the stomach to digest it, purify the blood, give a good, sound, healthy complexion, eradicate the yellow tinge from the eye, impart a bloom to the cheeks, and change the patient from a short-breathed, emaciated, weak, and nervous invalid, to a full-faced, stout, and vigorous person.

Weak and Delicate Children are made strong by using the Bitters or Tonic. In fact, they are Family Medicines. They can be administered with perfect safety to a child three months old, the most delicate female, or a man of ninety.

*These remedies are the best*

Blood Purifiers

ever known and will cure all diseases resulting from bad blood. Keep your blood pure; keep your Liver in order; keep your digestive organs in a sound, healthy condition, by the use of these remedies, and no diseases will ever assail you. The best men in the country recommend them. If years of honest reputation go for anything, you must try these preparations.

FROM HON. GEO. W. WOODWARD,

Chief Justice of the Supreme Court of Pennsylvania.

PHILADELPHIA, March 16, 1867.

I find that "Hoofland's German Bitters" is not an intoxicating beverage, but is a good tonic, useful in disorders of the digestive organs, and of great benefit in cases of debility and want of nervous action in the system.

Yours Truly, GEO. W. WOODWARD.

FROM HON. JAMES TAOMPSON.

Judge of the Supreme Court of Pennsylvania.

PHILADELPHIA, April 28, 1866.

I consider "Hoofland's German Bitters" a valuable medicine in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect, JAMES THOMPSON.

FROM REV. JOSEPH H. KENNARD, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

DR. JACKSON—DEAR SIR:—I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes. Yours, very respectfully,

J. H. KENNARD, Eigth, below Coates Street.

**DEMOCRATIC NATIONAL NOMINEES.**

FOR PRESIDENT,

**HORATIO SEYMOUR,**

OF NEW YORK.

FOR VICE PRESIDENT,

**FRANCIS P. BLAIR,**

OF MISSOURI.

## Extracts from the Great Speech

OF

**HON. HORATIO SEYMOUR,**

OF NEW YORK,

**Delivered at the Cooper Institute, before the Jackson Central Association, June 25, 1868.**

Why are the tax-payers laboring under a debt which bears an interest of six per cent., while other governments can borrow money at three per cent., and at this low interest their bonds sell for better prices than ours? Why is the laborer, the farmer, the mechanic, and the pensioner paid in bad money, so that they get one-quarter less than they are entitled to on every paper dollar paid to them? Why is the bondholder wronged by the tainted credit of the Government, so that he cannot sell his bond for as much by one-third as the citizen of Great Britain gets for the bond of his government, which bears a lower interest; and why is his claim made odious in the eyes of the people by the fact that his interest is paid in specie, while they are compelled to take debased paper? It is clear to every thoughtful man that public safety and honor will not admit of our having two kinds of currency for any length of time. We must have a uniform currency for all classes. There is but one question to be settled. Shall our currency be uniformly good or uniformly bad? Are we to force the bondholder to take bad money? Are we to have an honest standard of value for all, or is industry, enterprise, and morality to be perplexed and disordered by a shifting and dishonest standard? If it can be shown that all these evils under which we labor, spring from a common source, then it is clear that all classes should join in a common effort to root out the policy which sheds such widespread curses.

*Harmonizing Paper Money and Coin.*

There are two ways of making our paper money good as coin. One is to contract its volume by calling in the legal-tenders. This will make them scarce and will force a specie standard; but it will carry ruin and bankruptcy into every part of the country. It will bear down the prices of property and of labor. It is a policy which cannot be carried through, for the country will not consent to it. There is another way of lifting up our greenbacks to par which will not harm any, but will help all, which will bring back confidence, will revive business and enterprise, will lighten taxation, will give to labor honest money, and will do justice to the public creditor. And that way is to give to all the world full faith in the honor and wisdom of the American Government. Our paper money is not its par in coin, because the national credit is dishonored. How can the notes of our Government, which pay no interest, be worth their face in gold or silver, when the bonds of Government, which pay six per cent. interest, are worth only eighty cents on the dollar? You cannot make the notes put out by banks worth more than the bonds which secure these notes. It is a sad thing to say that our credit is dishonored in the markets of the world, but it is true, and it must be said, if we are to find a remedy. It is humiliating to find that when Great Britain borrows a thousand dollars for twenty years it pays the lender but $1,700, when, if we make the same loan, we have to pay $2,700 to the lender. If we wish to help the taxpayer, if we wish to get at the cause of debased currency in the hands of the laborer, we must first find out why our credit is dishonored—for it is a tainted credit that sinks alike the value of bonds, of greenbacks, and bank notes. Make the credit of the United States as good as that of Great Britain, or of a merchant in good standing, or of a mortgage on a farm, and our troubles would disappear.

*Contracting Wrong.*

If we make our paper money good by a harsh system of contraction, we shall cripple the energies of the country, and make bankruptcy and ruin. If, on the other hand, we debase the currency by unwise issues, we shall equally perplex business and destroy sober industry and make all prices mere matters of gambling, tricks, and chances. This will end as it did in the Southern Confederacy. At the outset the citizens of Richmond went to market with their money in their vest pockets and brought back their dinners in their baskets; in the end they took their money in their baskets and took their dinners home in their vest pockets. Make our money good by an honest and wise course, and when this is done, it will be worth twenty-five per cent. more than it is now, which will be equal to an increase of one-quarter in the amount of currency. Business will be strengthened, industry will be encouraged, prices will be regular, and men will then dare to go on with useful enterprises.

*The Cause of Our Disgrace—Official Statements.*

We find right here the cause of our troubles, perplexities, and national disgrace. Our credit is tainted. But for that we could borrow money, as Britain does, at three per cent., and cut down taxation. But for that our paper money would be good, and gold and silver would glitter in the hands of labor. But for that fact there would be no question how the bonds are to be paid, and we never should have heard of the greenback issue. But for the national discredit, business men would not be perplexed, and the disquiet and fears which now disturb the public mind would not exist. Now, if this dishonor cannot be helped, we must bear it in the best way we can, and we must get on with the sectional, and social, and political troubles growing out of it until time and events shall bring some cure. But if it can be shown to be the work of those in power, then all sections, all classes, and all interests should unite and turn them out. Fortunately we have official statements to guide us in our inquiries. We take the showing of the very parties under impeachment to show where the guilt lies. To show the waste of those in power let us compare the cost of Government during the four years of peace before 1861, and the four years of peace following the 1st of July, 1865. For the fiscal year ending July 1, 1869, I will take the estimate just made by the Committee of Ways and Means. Bear in mind that this is the best promise the Republicans can make on the eve of a Presidential election. It will prove to be many millions short of what they will spend, but we will give them the benefit of their own statements. After the close of the war, and up to the 1st of July, 1865, the War Department paid $195,000,000; which is $75,000,000 more than was spent by the same department in four years of Mr. Polk's administration, and which included the cost of the Mexican war. It took nearly twice as much to stop a war under Republican policy as it did to carry on a war under the Democratic management. But I will not take this $195,000,000 into account. Let us close the war. Since July 1, 1865, about three months after the surrender of Lee, up to July 1, 1868, the cost of Government will be by official reports and estimates $820,390,208. Up to July 1, 1869, by the estimate of the Chairman of the Committee of Ways and Means, it will be $197,973,366, making the cost of government for four years $1,018,363,574. This does not include one cent paid or to be paid for interest or principal of the debt. The cost of government during the four years before the war (leaving out interest on debt) was $256,246,414. This shows that the Republicans have spent in time of peace four dollars where the Democrats spent one. But the cost of government grows greater, and we will allow them to spend two dollars where the Democrats spent one. This will make $512,462,828. But they spent $505,910,616 beyond this. What did they do with the money? During the four years of Mr. Polk's term, which included the Mexican war, the cost of the War Department was only $90,540,788,21. We find that the cost of the War Department, taking their own statements and estimates, will be in those four years of peace, $541,613,619. And this follows an expenditure of more than $3,000,000,000 during the war.

The cost of the Navy Department in the four years ending July 1, 1869, will be, by Republican statements and estimates, $117,471,802; and this follows an expenditure of $314,186,742 during the war. In the four years before the war the navy cost only $62,910,534. We then stood in the front rank of commercial powers. Our ships were on every sea and were to be found in every port. American shipping is now by our tariff policy swept from the ocean, but the cost of the navy is nearly doubled. The year ending July 1, 1868, is the third year of peace.

But the War Department cost $128,858,494, which is more than its cost during the four years of Mr. Polk's term, which covered the expenses of the Mexican war. Not only does one year of peace cost more than four years of war then did, but the third year of peace cost more than the second, for in the year ending July 1, 1867, the War Department spent only $95,224,415. In these statements we have given the Republicans the full benefit of their promises for the fiscal year ending July 1, 1869, but we should like to ask a few questions. If $38,081,013 is enough for the War Department in that year, why and how did you spend $123,858,490 this year? If $17,500,000 is enough for the navy in 1869, why did you spend upon it $43,324,111 in 1866, and $31,024,011 in 1867? You have not cut down the numbers of the army. Did you waste money this year, or are your statements for next year untrue? We ask Republicans to read the estimates for the future, for they show the profligacy of the past. If $500,000,000 of the money paid for military, naval, and other expenses had been used to pay the debt, to-day the credit of the United States would have been as good as that of Great Britian. This rapid payment, and the proof it would have given of good faith, would have carried the national credit to the highest point. The bonds would be worth much more in the hands of holders, and yet the taxpayer would seem better off, for the cost of the Government would be cut down as its credit rose. We could put out new bonds, bearing less interest; which would not have the odious exemption from taxation. Our debt would have been less, our interest lower, and our taxes reduced. The hours of labor could be shortened.

*The Effects of the Debt on the Toiler.*

What now lengthens the time of toil? If we were free from any form of taxation, direct or indirect, six hours of work would earn as much as ten do now. One hour more of work ought to meet a laborers share of the cost of government, another hour should pay his share of the national debt. He now works two hours more each day than he ought to pay for the military and negro policy of Congress and its corrupt schemes. It has just passed a law that eight hours make a day's labor, while it piles up a load of taxation which forces the laborer to work ten hours or starve. But the wise and honest use of this $500,000,000 would not have stopped here. When it carried our bonds to the level of specie value, it would have carried up our currency to the value of specie. The plan of making our currency as good as gold by contracting its volume carries with it great distress and suffering. But if we lift up its value, by getting rid of the taint upon the national credit, it harms no one, it blesses all. Now, our legal tender and bank currency must be debased while our national bonds stand discredited.—They must rise and fall together.—They are all based upon the national credit. Bank notes cannot be worth more than the bonds which secure them. If, then, the $500,000,000 had been duly and honestly used to pay our debt, to-day the tax-payers would have been relieved, the mechanic, laborer, and pensioner would have been paid in coin or money good as coin, and would not be cheated out of one-quarter of their dues by false dollars. The holders of bonds in savings banks or life insurance would be better off, as their securities would be safer and worth more. There would be no question how they should be paid, for this question grows out of the follies of those in power and will disappear, when they disappear from the places they now hold. The bondholder would no longer stand in an odious light. He would not be charged with the taxation which has been used to hurt, not to help, his claim. If a wise, an honest use of the public money would have done this good in the past, it would do it in the future.

*The Radical Negro Policy.*

But the Republican party, at Chicago, pledged itself, by its nominations and resolutions, to keep up its negro policy. It is impossible to give untutored Africans at the South uncontrolled power over the Government, the property, and laws of the people of ten States by excluding white votes, without military despotism. You cannot give to three million of negroes more Senators than are allowed to the fifteen million of white men living in New York, Pennsylvania, Ohio, Illinois, Indiana, Wisconsin, Iowa, Kentucky, Missouri, and Michigan without keeping up great standing armies. Without a general amnesty, and the restoration of the suffrage to all the whites in the South, a great standing army must be a permanent institution. In order to curse the South with military despotism, negro rule, and disorganized labor and industry, they cursed the farmers of the North with taxation, the mechanics with more hours of toil, the laborers and pensioners with debased paper, the merchant with a shifting standard, and the public creditor with a dishonored and tainted national faith. Are these classes to turn and to see how each can push the burdens upon each other, or are they to make common cause and do away with the curse of a bad government? If the Republican policy prevails this struggle must begin. Either the laborer or the capitalist must go down. Both cannot live under it, and men must choose between. If, on the other hand, the policy of selfish ambition and of sectional hate is put down our country will start upon a new course of prosperity and all classes will reap in common the fruits of good government.

*The Great Question at the Coming Election.*

The next election will turn upon this question, can the congressional party succeed in their efforts to excite and array the industrial and moneyed interest against each other, or will these unite and turn out the authors of the mischief under which they are all suffering? The only hope of our opponents is discord where there should be harmony and concert of action. In our State, at the last election, we appealed to all classes to help us to save New York from misgovernment and all came up to the rescue, and we made a change of seventy thousand. Let us again appeal to all classes interested throughout the Union; let us go before the people with these facts, and we will make a change which will sweep the wrongdoers from their places. We say to the bondholders and to the laborer who has put his money into savings banks: "We do not wish to harm you, we do not seek to give you bad money, but to get a good currency for all. It will not help us to break down the credit of your bonds; it hurts us; it keeps up our taxes by making us pay high interest; but we ask you to help save us as tax-payers from the cost of the negro and military policy at the South. It is hard for us to pay you if you let men in power take the money we give in taxes to reduce your claims and use it to uphold military despotism. We see clearly that a state of affairs which will compel you to take debased currency will force every laborer, farmer, mechanic, and creditor to take a debased currency as well. If your claims were all wiped out tomorrow by an issue of greenbacks, it would not relieve the fears of patriots; labor would still be cheated by false dollars, our standard of value would still be shifting. Taxation would be kept up by the Reconstruction policy, for it is despotism more than debt that makes taxation so heavy. Nothing would be settled. The Judiciary would still be trampled under foot, the Executive would still be manacled so that it could not punish crime nor protect innocence."

*The necessity of striking down the Congressional Policy.*

But strike down the congressional policy, and all will be set right. Since the war closed in 1865, the government has spent for its expenses, in addition to payments on principal or interest of the public debt, the sum of more than $1,000,000,000. On this sum there has been spent nearly $800,000,000 on the army and navy and for military purposes. This is nearly one-third of the national debt. This was spent in the time of peace. The cost of our navy before the war was about $13,000,000 each year. Since the war, when our shiping has been swept from the ocean by taxation, the annual average cost has been $300,000,000 although we have now no carrying trade to protect.—While money is thus wasted without scruple upon the army and navy, if any aid is sought to lessen the cost of transportation for the farmers of the West, or to cheapen food for the laborers of the East, we are at once treated with congresssional speeches upon the virtues of economy. If from this amount there had been saved and paid upon the debt the sum of $500,000,000, how changed would our condition have been. With this payment, which would have cut down the debt to about $2,000,000,000, our credit would at least have been as good as that of Great Britain.

*The Negro Policy Depreciating Our Credit and Necessitating a Standing Army.*

It is because we did not thus apply this money to this purpose, but spent it upon the negro policy, the military despotism, and other abuses of government, that our credit is so low. The world saw we were violating our faith with the public creditors and the tax-payers alike, when the money was used for the partisan purposes of keeping the South out of the Union until sham governments could be manufactured by military violence and congressional action. The world not only saw the monstrous diversion of the money, wrung from the people by taxation, but it also saw that it made, through a long series of years, still greater annual expenses unavoidable when the entire control of Southern States is given over, unchecked by the intelligence of the white race, to untutored negroes, whom the people of the North have said were unfit to be voters, when the unfortunate Africans, drunk with unusual power, and goaded on by bad and designing men, shall make life and property unsafe, and shall shock and disgust the world with outrages, we shall be forced to raise and pay still greater armies. Up to this time the South has had at least an intelligent tyranny in military officers. Every man who is not blinded by hate or bigotry looks forward with horror to the condition of the South under negro domination. The bad faith to the public creditor and tax-payer in thus unsettling our Union, of keeping the South in a condition where it cannot help the national prosperity, but is made a heavy load upon the country, is the real cause of our debased credit. The tax-payer was told the burdens put upon him were to pay the debt; but the money was not used in good faith to him, for the debt still stands; nor in good faith to the creditor, for he was not paid what he should have been; but it was used in a way which harmed both, in a way that tainted the nation's credit, kept up taxation by keeping up the rate of interest, while it sank the value of the bonds, and with them carried down the paper currency, and thus wronged the laborer and pensioner. But for the policy of bad faith, of partisan purposes, mad folly, we could to-day borrow money as cheaply as Great Britain; but we have cursed the tax-payers, the laborer, the pensioner, the public creditor, for the sake of cursing the people of the South with military despotism, and negro domination.

Every one must see, if we paid off one-fifth of our debt, had kept down the cost of Government, had given peace to our Union, had built up industry and good order in the South, not one of the evils which now afflict us could have existed. Our whole condition would have been changed. We demand that our currency shall be made as good as gold, not by contracting the amount, but by contracting the expenses of Government. We are against measures which will pull down business credit, and call for those which shall lift up the national credit. When we stop the waste, which forces us to pay a usury of ten per cent., and take a course which will enable us to borrow money upon the rates paid by other nations, we shall add to the dignity and power of our Union. When we give value to our bonds by using the money drawn by taxation to the payment of our debt, and not to the military and negro scheme, we shall relieve the tax-payer, the bill-holder, and give strength and value to the claims of the public creditor. We have seen the mischief wrought out by the policy of the past three years. It will be as hurtful in the future as it has been in the past. Yet the Republican party has approved it and is pledged to it. We have shown how the policy of using our money to pay our debts would have helped us in the past. It will do the same for us in the future. To that policy we are pledged. There is not one man of our party in this broad land who doubts upon this point. It was never charged that a single Democrat in these United States ever favored the military and negro policy upon which the credit of the country has been wrecked. Our remedy is to use the public money to pay the public debt. It is a simple, brief, but a certain remedy for our national malady. Our ailment is debt, aggravated by despotism.

But we see that the War Department this year spent $128,858,466, when the year before it spent only about $95,000,000. The longer we have peace the more the army costs. How is this?—Well, it costs a great deal to keep soldiers and Freedmen's Bureau agents, and to feed and clothe negroes at the South. But why do you do it? Let the negroes support themselves as we do. You make the laborers of the South work to feed and clothe these idle Africans. True, but by so doing we get their votes, and they will send our traveling agents to Congress; we shall get twenty Senators in this way, while a majority of the people of the United States, living in nine States, have only eighteen. The people may vote as they please, but they cannot get the Senate nor repeal any of the laws we got through for our advantage; we have managed it so that one-quarter of the people have more power in the South than the three-quarters. We now own the negroes of the South. Did we not buy them by your blood and money? We now see where the money goes; we now see why the credit of our country is so tainted; we now see why the value of our paper money is sinking. It was only at twenty-one per cent. discount in 1866; it is now at a discount of about thirty-one per cent. We now see why our laborers and pensioners are cheated by false dollars. If the mechanic cares to know why he works so many hours, let him study the reports of the Secretary of the Treasury. It is clear why business is is hindered and business men perplexed. We now know why the public creditor is harassed by our dishonored credit, and the tax-payer is hunted down by the tax-gatherer.

*The Negro Policy the Cause of Taxation and Penury.*

The negro military policy of the Republican party is at the bottom of all these troubles. We now get at the real issue between parties. The Republicans, by their nominations and resolutions, are pledged to keep up the negro and military policy, with all its cost and taxation. These will be greater hereafter. The government of the South is to go into the hands of the negroes. We have said they are unfit to be voters at the North. The Republicans say they shall be governors at the South. We are clearly opposed to this policy. We have seen how much it costs the tax-payer, the bondholder, and the laborer in the past three years. It will be as hurtful in the future. We have also seen how our policy of using the money to pay our debts would have helped the tax-payer, the bondholder and the laborer in the past. It will do as much in the future. The whole question is brought down to this clear point: Shall we use our money to pay our debts, relieve the tax-payer, make our money good in the hand of the laborer or pensioner, and help the bondholder? or shall we use it to keep up military despotism, feed idle negroes, break down the Judiciary, shackle the Executive and destroy all constitutional rights? [Cries of "No! no!"]

The discount upon our paper money was twenty-one per cent. in April, 1866; it is now about thirty-one per cent. It will continue to go down under the same policy. As it sinks it will curse all labor and business, it will endanger still more the public credit, for the greater the premium on gold the harder it becomes to pay specie to the bondholder, and its claims become more odious. What claim have the Republicans upon our soldiers? They take away from him one-quarter of his pension by paying him in false money, which is worth less than seventy-five cents on the dollar. A wise and honest administration would have made it worth its face in gold. What right have they to call upon the mechanic and laborer? They have lengthened out the hours of their toil to feed swarms of office-holders at the North, and to support armies and hordes of negroes at the South. How can they look the tax-payers in the face, when they have wrung from them so many millions upon the pretext that the debt compelled them to do so, while they were using the money thus collected to support standing armies and to trample upon the rights and liberties of the American people? Can they, with decency, appeal to the bondholder, after tainting the national credit and sinking it to the level of the Turk's, and endangering their securities, by throwing upon them the whole odium of taxation? Then let the East and West, the North and the South, the soldier, the sailor, in ships or in the field, the taxpayer, and the bondholder, by one united effort, drive from power the common enemies of liberty, honesty, honor, right, and constitutional law. [Loud applause.]

AN OUTRAGE ON THE HELPLESS.—The Hagerstown (Maryland) *Mail* says: "A friend residing in this county, who has had four children in the Columbia Institute of Washington city, an institution where mutes are educated, informs us that negroes are now admitted as pupils, and that they are placed at once on the same footing with the white pupils. Not only do the negroes sit side by side with the whites in the school room, but the white pupils are obliged to sleep in the same bed with the negroes, and are often compelled to kiss them. Thus are we progressing—social equality in the mute asylum, where not a word of objection can be raised."

### EQUAL TAXATION.

**The Bedford Inquirer Comes Out Against It!**

**Little Limping Lying Lutz-y "Puts His Foot in It!"**

**Hearken, O ye Republicans!**

The Bedford *Inquirer*, of last week, prints a double-leaded editorial, in which it pronounces fairly and squarely against the just and honest doctrine of *Equal Taxation*. It proceeds to argue in this style:

"Let us see how *Equal Taxation* would work. Equal Taxation would require that every man who owns a dollar's worth of property should pay his exact proportion of the amount of tax requisite to pay the debts of the nation."

Thus reasons the *Inquirer*. Well, isn't that right? Isn't it wrong that the man who owns but a dollar's worth of property is compelled to pay *more* than his proportion of the taxes, on account of the bondholder, who owns millions, being entirely exempt? True the man who owns but a dollar's worth of property, is not visited by the Federal tax-gatherer in person, but he pays his share of taxes in everything he buys from the merchant and the manufacturer. The importer pays a duty, or tax, upon every article he imports; that tax is added to the price of his goods; the wholesale dealer pays it to the importer, the retail dealer pays it to the wholesale dealer, and in turn and finally, the retail dealer adds it to the price of his wares and compels the consumer, *who owns but one dollar's worth of property to pay it*. So, the manufacturer pays a federal license and in many cases a direct tax. He adds the amount of his license and tax to the price of the articles he manufactures. From a cigar, or a plug of tobacco, to a web of muslin, from the cradle to the coffin, these taxes follow the purchaser, even if he owns but one dollar's worth of property. Now, if the bondholder, who pays no taxes, were required to pay his just proportion, if taxation were made equal, it follows, as a matter of course, that licenses and taxes upon manufacturers, and duties upon imports, could be lessened, and thus the *poor man* and those of moderate means would become the gainers.

The *Inquirer* says further:

"True it is that the Republican Congress has not made an *equal* tax law, but it is a just, fair, righteous and liberal one."

Now, there's an admission for you! "The Republican Congress has *not* made an *equal* tax law!" Write that down, reader! Make broad your phylacteries, ye who swear by the Bedford *Inquirer*, and write this sentence upon them in blazing characters. We want every "Republican" in Bedford county to understand that his organ admits that the "Republican Congress has *not made an* EQUAL *tax law*." If it is not equal, how can it be "just, fair, righteous and liberal?" Because *incomes* under a thousand dollars are not taxed? Is *that* the reason it is "just, fair, righteous and liberal?" That might do to talk about, if there were no other taxes than those on incomes. But, how about the taxes on manufactures, the licenses, the excises, the stamp duties and other federal taxes of a similar character? Are not these paid, in a great measure, by those whose incomes are under a thousand dollars? Yet, because, small incomes are not taxed, the property of the bondholders, who suck the life-blood out of the business interests of the country, by absorbing the gold and silver and burying it in their safes, are also to be exempted from taxation! Hence, while the poorer millions pay the excises, licenses, and stamp duties, the property of the rich bondholders goes scot-free. Such is the system advocated by the *Inquirer*. Now, we are opposed to all this, opposed to it, unqualifiedly, emphatically an uncompromisingly. We are for *Equal Taxation upon all species of property*. Upon this ground we plant our standard, and we ask every fair-minded, just and honest man to speak out and say whether the ground is not entirely tenable.

"True it is that the Republican Congress has not made an *equal* tax law."
—*Bedford Inquirer, Aug.* 8.

### GOLD $1.50!

Gold has risen to a premium of $1.50 in greenbacks! making a greenback dollar worth but 66 cents in gold.—Who has depreciated the currency in this manner? Who has been in power during the last four years? Answer, the Radical party. When the war closed, a greenback dollar was worth 80 cents in gold; now after three years of peace, it is worth but 66 cents. The funding bill passed by Congress, the reckless extravagance of the Radicals in adding millions upon millions to the Federal debt, by keeping up the Freedmen's Bureau and a standing Army of 50,000 men, and *their repudiation of greenbacks as money to be received in payment of the Federal debt*, are at the bottom of this matter. The people can now see what our own currency will come to if Grant should be elected.

"True it is that the Republican Congress has not made an *equal* tax law."
—*Bedford Inquirer, Aug.* 8.

### DEMOCRATIC NEGROES.

The Radicals are extremely solicitous about the sensibilities of the Democrats in regard to the fact that large numbers of negroes in the Southern States are beginning to vote the Democratic ticket. Who gave these negroes the right to vote? Who forced Negro Suffrage upon the unwilling people of the South? The Radical party. If the black pets of Radicalism choose to vote with the Democrats, we can't help it. They are *forced to vote by the Radicals*. If they vote the Democratic ticket, it is not the fault of the Democrats, but of those who made them voters. If you, Messrs. Radicals, had not forced the ballot into their hands, they would not vote the Democratic ticket or any other. But you have put the club into the hands of the Negro, and if he uses it to break your own heads, you can blame nobody but yourselves. Don't come crying to us about it.

"True it is that the Republican Congress has not made an *equal* tax law."
—*Bedford Inquirer, Aug.* 8.

### DISGUSTED.

The Republicans of this county, are becoming thoroughly disgusted with the course of their organ, the *Inquirer*. A prominent man in the party said in our hearing, the other day, after reading Lutz' article in opposition to Equal Taxation, "Well, the man does seem to be demented!" Republicans generally complain of the slang about "rebels," "copperheads," &c., which fills the *Inquirer* from week to week. They say the time for such talk has gone by, and express a desire that the great questions of the present be fairly presented to the people, without reference to those that are dead and gone. But this Lutz cannot and dares not do.—He must be continually digging up the skeleton of the dead rebellion and rattling its dry bones in people's faces.—This kind of jugglery, he thinks will amuse his party friends until after the election, and after that he doesn't care whether the people understand the issue or not. We do not wonder Republicans are becoming disgusted.

"True it is that the Republican Congress has not made an *equal* tax law."
—*Bedford Inquirer, Aug.* 8.

### GREAT SPEECH OF GOV. SEYMOUR.

We give on our outside, some extracts from the speech of Gov. Seymour, delivered in New York, on the 25th of June, which we commend to the careful attention of the workingmen and tax-payers, as well as the moneyed men of the country. If anybody wants to know the position occupied by the Democratic candidate for President, on the great questions of the day, let them read this speech. With a statesman holding such views in the Presidential chair, there will be hope for the credit of the republic, hope for the laborer and the tax-payer, and hope for the liberties of the people. Now, let Grant, or his keeper, Washburne, show that they have as clear an understanding of the affairs of our government, before they ask the suffrages of an intelligent people.

"True it is that the Republican Congress has not made an *equal* tax law."
—*Bedford Inquirer, Aug.* 8.

ONE of the Vice Presidents of the Seymour and Blair meeting, on Saturday evening week was hitherto a Republican. "That's the way the wind blows."

Grant's friends say that he shuns public demonstrations. That's a mistake. The shunning is all on the side of the demonstrations.—*Prentice.*

### A VILLANOUS COMPOUND OF MALIGNITY AND LIES.

The last issue of the *Inquirer* fairly stank with falsehood and malignity. Forty Tom Peppers, kicked forty times out of Hell, for lying forty times more villanously than the original Tom himself, if rolled into one, would not be equal to lying Lutz, of the *Inquirer*. For instance, the *Inquirer* declares, with the solemnity of a Pharisee praying in the market-place, that the Democratic party, by adopting the principle of *Equal Taxation*, proposes to tax the *poor*. Do the *poor* hold government bonds? Did the *poor* make millions of dollars out of the toil, the sweat and the blood of their fellow *poor* in the factory, in the workshop, by daily labor on the farm, or on the gory field of battle? Who is it that made money during the late war and whose wealth is untaxed? The *bondholder!* Aye, the bond-holder who pays no taxes upon his millions, whilst *every poor man in the land does pay at least one-tenth of his daly income*, in the increased prices of every thing he eats, drinks and wears, under the present Radical regime. By *Equal Taxation*, the Democrats mean that they will tax every citizen according to the value of his property, *including the wealthy and aristocratic bond-holder*. Every other interest is taxed now, and in order to make taxation equal, the bond-holder must pay his proportion of a just and equitable levy. Tax the thousands of millions of government bonds, and the taxes upon other interests will be lightened, and of course *the poor* will be compelled to pay *less*, when the rich who are now exempt, are made to pay their just share. Lutz can lie, but let him chop us some logic on this subject. The people are not the fools he takes them to be, and when he undertakes to make them believe that by *taxing the bond-holder*, the *poor* man's taxes will be increased, he only exposes his own contemptible mendacity. The L. L. of the *Inquirer*, has turned *poor man's friend!* What a pity that he didn't think of assuming this philanthropic *role* a little sooner. During the war he said, "*poor men ought to go and fight*," but the L. L. considered himself a rich man and of course, didn't "go and fight." And then, when the veteran braves came back from the war, how snugly, like an innocent little spider in its web, waiting for the coming fly, he sat in his cosy office, waiting for the bronzed and scarred soldier to step in and give him the collection of his bounty, back pay, &c., for which he charged him only a small fee, say thirty, or forty dollars, because, you see, the soldier was a poor man! Oh! yes, the L. L. is the friend of the poor, and doesn't want the bondholders taxed, for fear of injury to the poor who hold no bonds. Long live the great philanthropist, L. L.

"True it is that the Republican Congress has not made an *equal* tax law."
—*Bedford Inquirer, Aug.* 8.

THE Somerset *Herald*, in an article complimenting the Harrisburg *Patriot* as "one of the handsomest papers within its knowledge," talks about the "revolutionary sentiments of Frank Blair," &c. Our friend Scull possesses talents which we are sorry to see perverted in an abortive effort to bolster up the fortunes of a party whose record during the last three years, we do not and cannot believe his judgment sustained. But as party ties seem to be so strong that they bind men of even Mr. Scull's intelligence to the support of such monstrous outrages as the Impeachment Conspiracy and the forcing of Negro Suffrage upon an unwilling people, at the point of the bayonet, we are not surprised to find him denouncing as a revolutionist, one of the bravest and purest of the great soldiers of the Union army, one who fought to put down armed revolution and who seeks to check Radical revolution by restoring the governments which Congressional Reconstruction has overthrown. Did not Congress, by the sword, overthrow the governments formed by the white people of the South, under which they *had come back into the Union?* You connot deny this, friend Scull. Well, then, is it revolution to restore the governments thus overthrown, even if the army be used to do it, as Gen. Blair suggested? Your party has revolutionized the Southern State governments; we seek to restore them as they stood when the people of those States had reorganized them after the close of the war. Your party strives, by force of arms, to give political power to the Negro, whilst it disfranchises the white man; we seek to give the people of each State the right to determine for themselves the question of suffrage. Now, who is the "revolutionist," Frank. Blair, the Democrat, or U. S. Grant, the Radical?

Is not *Equal Taxation* Republican? Is it not Democratic? Where is the true Republican who will follow the lead of Lutz in opposition to *Equal Taxation?*

The Radicals hung the keeper of the Andersonville prison, Capt. Wirtz, and gave its founder, Governor Brown, a glad welcome to the Chicago Convention.

### DESERTING THE SHIP.

Almost every exchange that we pick up, and every flash of lightning as it passes over the wires, bring the intelligence of accessions to the Democratic ranks. The people are getting sick of the party that is taxing them to death and destroying their liberties. Below we give a few prominent conversions to the Democratic ranks:

Hon. F. G. Backus, who was elected Judge of the Supreme Court of Ohio, has come out flat-footed for Seymour and Blair. The Judge has "gone back" on the Radicals, and is going to *back-us* in this Presidential fight.

Col. Lyman L. Jackson, of Perry county, Ohio, made a speech recently, at Circleville, renouncing Radicalism and declaring in favor of Democracy.

Hon. Charles Morris, of Troy, Ohio, late a Radical State Senator, has forsaken Grant and taken the stump for Seymour.

Col. C. C. Gardiner, U. S. Assessor for the 27th District in New York, has written a letter to Maj. Gen. Slocum, announcing that he will support Seymour and Blair.

The Ulster *Democrat*, New York, heretofore a Radical sheet, has discarded Grant and Colfax and placed Seymour and Blair at its mast head.

The Jordan *Transcript*, hitherto Radical, has become a warm and efficient supporter of Seymour, Blair and the Union.

The Ripon (Wisconsin) *Representative*, heretofore a leading Radical paper, has become disgusted with radicalism and left the foul party.

Senator Henderson of Missouri, elected as a Republican, is going to take the stump, in that state, for Seymour and Blair.

The City Treasurer of St. Louis, elected by the Radicals, has left them and joined hands with the Democracy.

Col. W. B. Thomas, Collector of the Port at Philadelphia, under Lincoln, has come out for Seymour and Blair.

Judge Mellon, of Pittsburg, has left the Radicals and is using his influence for the success of the Democratic nominees.

Judge R. M. Biggs, of Fayette Co., Ohio, always a Republican, made a powerful speech the other day, against the revolutionary measures of the Radicals, and urged his friends to support Seymour and Blair.

Col. J. M. Connell, of Lancaster, Ohio, who was a Lincoln Elector, for the State at large in 1864, also addressed the meeting.

J. M. Borrell, Esq., of Media, Pa., who had been elected Secretary of the Grant Club at that place, signed the roll of the Democratic Club, and renounced all connection with the Radical Party.

Eighty-eight members of the Union League, of Philadelphia, were "expelled" in one batch from the "gin palace," on Broad Street. Cause—will vote for Seymour and Blair.

A German Republican Club in Philadelphia, numbering over one hundred men, has unanimously declared for Seymour and greenback payment of the national debt.

Only one member of Lincoln's original Cabinet is now acting with the Radicals, and that one is the notorious corruptionist, Simon Cameron.

Honest men are "coming out from among the foul party" all over the country, and in October there will be a general stampede. Come while there is room! The doors are still open.

"True it is that the Republican Congress has not made an *equal* tax law."
—*Bedford Inquirer, Aug.* 8.

Captain T. H. Lyons, of this place, had the pleasure of being nicely shelved by the Democracy. It is no use. Only such soldiers as Blair can get a nomination.—*Bedford Inquirer.*

Now, what a cunning fellow! Of course the gushing sympathy for Capt. Lyons, manifested by the L. L. of the *Inquirer*, will have its influence. But the fact that Capt. Lyons voluntarily declined the nomination, rather spoils the effect of the L. L's crocodile tears. He had better show some of his sympathy for the one-legged Republican soldier, Capt. John S. Stuckey, who was mercilessly and shamelessly cheated out of the Republican nomination, as we shall show to the satisfaction of every body, in due time. Of course, the little whiffets that harbor in the kennels of the G. A. R. (Grabbers After Rations) waiting to snap up the crumbs that fall from the Radical table, yelp and whine about Gen. Blair. We have no doubt the General feels very bad when he hears the bark of such whelps.

Even here in Bedford and throughout the county, the Union ranks are being almost daily augmented, &c.—*Inquirer.*

True, every word of it! The late Republican party, having become the Radical Disunion party, and its National Committee having formally dropped the word "Union" from the party name, Republicans by the score are joining the true Union Republican party, the great, invincible Democracy. Bedford Borough and Bedford county will verify the truth of this assertion in October and November next.

### TOM MARSHALL DRIVEN TO THE WALL!

**He tries to Answer our Questions!**

**Declares in favor of Negro Suffrage!**

**Proposes to take the Stump in this District, for John Cessna, on that Issue!**

Last week the GAZETTE proposed a few questions for Tom Marshall to answer in the speech which he was to make at the Radical meeting on Saturday evening last. Our first question as to whether the Radical or "Republican" party is in favor of Negro Suffrage, he answered by saying that the Chicago platform fixed that. It declared that Negro Suffrage should be forced on the unwilling South, and that the people of the North might enfranchise the negro if they saw proper. But he took issue with the platform on this question, and said that it was a shame that the "mudsills," the "doughfaces," the "poor white trash" of the North did not give the negro the ballot! He was in favor of it, whether the people of Bedford county liked it or not. He said he would come into this district and *help to elect John Cessna to Congress on that issue.*—All of which we hope he will do.

"True it is that the Republican Congress has not made an *equal* tax law."
—*Bedford Inquirer, Aug.* 8.

### DON'T BE GULLED!

Some of the Radical blow-hards in this town, are engaged in circulating the story that Democrats in Bedford borough and elsewhere intend to vote for their fuss-and-feathers candidate, Grant. There is not a word of truth in it. The story might well be told the other way. There are numbers of Republicans in this place, who never before voted the Democratic ticket, who will vote for Seymour and Blair. The ides of October and November will prove it.

"True it is that the Republican Congress has not made an *equal* tax law."
—*Bedford Inquirer, Aug.* 8.

"I denounce as a falsehood the first Tammany resolution, which alleges secession to be dead, and declare that it is more alive now than ever."—*Gov. Wise.*

Thus falsely quotes the *Bedford Inquirer*. Gov. Wise said no such a thing. He did say he differed from the first resolution of the New York Platform, which declares that secession is dead, "for" said he, "the people intend this fall, to secede from Radicalism:" Of course, the *Inquirer* will not have the honesty, or manliness, to correct its false quotation, for that would spoil the effect of its falsehood. A party must be hard up for political capital, when it undertakes to twist a playful witticism into a serious assertion.

"True it is that the Republican Congress has not made an *equal* tax law."
—*Bedford Inquirer, Aug.* 8.

LITTLE John Cessna has *obtained* the conferees from Franklin county for Congress. Of course, he will be nominated, and then we shall have a pretty renegade ticket. Grant for President, Hartranft for Auditor General, Cessna for Congress, Rowe for Judge, all "renegade Democrats." Well, there is one consolation in this, the old Republicans, who built up the party, are getting cheated out of the offices; the trading politicians who joined them after they had triumphed, are eating them up. Serves them right.

THE *Inquirer* has the following:

THE TWO SOLDIERS.—"Let the President elect *disperse* the carpet-bag State Governments." F. P. Bair, Jr.

"Let us have peace." U. S. Grant.

It might have added:

Arm the niggers and disfranchise the whites.—*Radical Congress.*

GRANT'S peace—arming the negroes and taking the right to vote for President from the people.

Later advices from the Kentucy election indicate that Stevenson, the Democratic candidate for Governor, will have a majority, of fully 100,000.

The crowning outrage upon the people of North Carolina has been consummated in the appointment of a negro mayor of Hillsboro,' by the man who writes himself "Governor" of that State.

The Senate of Alabama has passed a bill taking from the people the right to vote for Presidential electors, and giving it to the Legislature, and it is said the bill will undoubtedly pass the House.

The Nebraska Democratic State Convention has nominated R. J. Tappleton for Congress and James R. Porter for Governor.

During the month of July twenty-five hundred cases of cholera and nearly fourteen hundred deaths occurred in Havana. The yellow fever has not increased in violence, but the cases, though few in number, are unusually fatal.

In the case of the State of Kansas vs. General Sheridan and others, for assaulting the Postmaster of Leavenworth and taking postage stamps, United States currency, &c., all have been found guilty. General Sheridan was fined $100, and the others $1 each and costs.

If the Radicals mean equal rights, what do they put the negro above the white man for?

If reconstruction is a success, why isn't the army withdrawn?

## Campaign Gazette!

Not only should every Democrat have his county newspaper, during the coming campaign, but he should likewise make it a point to furnish his Republican neighbor a copy. This is the plan upon which our opponents have acted for years, and it is about time that Democrats do something of the same sort. NOW, GO TO WORK *and put your Democratic newspaper into the hands of every Republican who will read.* If you will do this you will accomplish more good in six months than you will by any other means in six years. Democratic politicians, throughout the county, are enabled, by the above low terms, to circulate Democratic newspapers at a very small cost. We appeal to them to see to getting up clubs, and to see to it in time. *Now* is the time to sow the seed. After a little while the heat of passion and prejudice will beam upon the public mind in all its intense fierceness, and then seed-time will have passed. Friends, let us hear from you!

GRANT AND GRABTAX GATHERING.—*Purviance speaks a piece.—Balloon Ascension of Tom Marshall.*—We will not adopt the lying style of the reporter of the *Inquirer* by saying that the Radical meeting in the court house, on last Saturday evening, was the "completest fizzle ever held in Bedford," but admit at once that, in point of numbers, the meeting was respectable. Taking away, however, the ladies, the boys, the "colored brethren" and the Democrats who came to hear what Tom Marshall had to say in answer to the irresistable logic of Gen. Miller and Mr. Speer, on the Saturday before, there would have been but few Radical voters left. The boys were there in full force, and were well drilled on applause, having practiced outside of the court house, just a week before, when the Democrats held their meeting. Their peculiar, shrill whistle, for which the junior Rads of this place alone are famous, always gave notice when Tom Marshall said something astonishingly brilliant, and was heartily responded to by the seniors. The "manhoods," being there by special invitation, no doubt, came in such force that objects around became almost indiscernable and were seen as through smoked glass, dimly. The first speaker was Purviance, of Pittsburg, who started out with what he knew to be a deliberate falsehood, namely, that if Seymour and Blair would be elected there would be another civil war! Having delivered himself of this "whopper" he, like another Rip Van Winkle, just arisen from a long sleep, commenced talking about slavery and slave drivers, secession and rebels, which furnished the theme for the rest of his speech. If he would read the Democratic platform he would there learn that these subjects are among the things of the dead past, and none but a dreaming old political fogy would make them a subject for an hour's talk to an intelligent Bedford audience. One of the most wonderful things that he said, was, that during the time of slavery, no new State was admitted into the Union, if she presented herself dressed in white. If he had followed history a little further he might have added that no State is now admitted unless she comes in as black as Erebus! His speech throughout was the tamest affair we have ever listened to. One thing he forgot to tell his audience about, and that was, why he left Curtin's cabinet in 1861.

While Purviance was speaking, Marshall was out inflating his balloon for the grand ascension the audience was to witness as soon as the former would be done speaking. Purviance finished; the Band played Silver Moon," or some other delightful production touching the great financial questions of the day; somebody said "Marshall," the boys whistled "Marshall," but the "bid of freedom" could not be marshalled, so the band played another piece of soul-inspiring music, which brought the tardy speaker to a sense of his duty. He stepped into the room with an air of "Make way for Liberty!" planted himself before his audience, struck an attitude, and the balloon was ready to go up. The ropes were cut and Marshall went up into the clouds, down he comes with lightning speed to terra firma, up he goes, 'round and 'round with such recklessness that we would'nt have taken much stock in his insurance for further existence. But he survived. He told us that at a certain period of his existence he was born in Ireland, and that he came across the "deep blue sea," in female garments. We felt a deep interest in the dear little infant, when we heard this statement, and wondered whether it was afflicted with sea-sickness. He told how he had grown up and learned to hate his own race, and cursed his very existence because the sun did not shine upon him and make him black! He raved at everybody in the room that wasn't black as jet. Snuff-color would not suit him, it must be as black a midnight, yea, blacker than the soot on the door-hinges of perdition! That was his style, and he did not care whether his Radical friends in Bedford liked it or not. He considered his nigger that blacks his boots, as good as any Democrat in the land, and a little better than the editor of the GAZETTE! He would come into this Congressional District and elect J. Cessna to Congress on that issue! This created a sensation, and frightened the clique, for Johnny was not yet quite prepared to swallow this unpalatable dose of "manhood;" but the great Mogul from Pittsburg gave him a look, the boys whistled, the old men cheered, and Johnny gulped down a full grown "manhood," "capillary vegetation" and all! All this little scene resulted from an attempt to answer some questions in last week's GAZETTE. He answered the first one, as well as he could, and the rest he either dodged or lied himself out of. He said Sawyer was no blockade-runner, or at least he did not believe he was; that Jeff Davis was President of the Confederacy, and therefore Joe Brown could not have been the founder and supporter of the Andersonville prison pen. Logical, very. On the great financial question his ideas were brief but clear. He said as soon as gold and greenbacks would be on a par, there would be no difference in their respective value! The five-twenties were to be paid off either in gold or greenbacks, according to the Chicago platform. This was about the gist of his speech. Not a word did he utter in favor of relieving the burdens of a tax-ridden people, not a word of hope for the disfranchised whites, or the oppressed of the land anywhere. He spoke for more taxes and more oppression; for more tyranny and less liberty. His speech was marked by the coarsest language, the most wanton sacrilege, and showed that he was better fitted to associate with his friend, the boot-black, than with gentlemen; better fitted to play the *role* of a clown than an enlightener of the public on national subjects. We hope that the Grant and Colfax Club will secure his services to stump this district. He has offered himself, and they cannot well refuse.

PERSONAL.—R. Biven Davis, Esq., of Galveston, Texas, is here on a visit to his friends and relatives. Mr. Davis looks well, and the Southwest seems to agree with him admirably. Long may he live to enjoy his present good health.

James H. Schell, Esq., of Ft. Wayne, Ind., and J. H. Schell, Esq., of Kansas City, Mo., are spending some time with their friends here and in Schellsburg. These gentlemen have permanently located in the West and doing well. Success attend them!

J. H. Rush, Esq., formerly of this place, who has been on a visit to his parents, has returned to his home in Indiana. John is a congenial gentleman and is bound to succeed no matter where his lot is cast.

WOODBURY.—At an election for officers in the newly incorporated borough of Woodbury, the following persons were elected:—

Burgess, J. H. Wilkinson; Council, F. Hartman, H. Roberts, D. ... P. Swaney, J. N. Bowser, J. T. Barclay, A. L. Beckhoefer; Assessor, Henry Fluke; High Constable, Solomon Barley; School Directors, C. F. Oellig, C. W. Allen, Sam'l R. Hair, D. R. P. Swaney, Samuel Beamer; Supervisor, W. F. Stock; Auditors, C. B. Stover, S. B. Fluck, W. R. Smith; Judge Jame Lee; Inspectors, Peter Morningstar, John C. Miller.

TERPSICHOREAN ENTERTAINMENT.—On Wednesday night last, Prof. S. M. Nott gave an exhibition of the proficiency of his pupils in the graceful art of dancing, at that finely kept hotel, the Arandale House. Prof. Nott is engaged in teaching a high school of manners, in connection with dancing, and we must say, a very successful teacher. The ease and grace with which he teaches children to go through the ceremony of a formal introduction, as well as the intricate mazes of the dance, and truly surprising. We hope he may be well patronized.

BEWARE OF INFRINGMENTS.—The Willoughby patent gum spring drill, like all *good* and *approved* agricultural implements, could not expect to be manufactured a great while, without an attempt being made to violate its patent by some imitation of infringment. Let farmers be on the lookout! We mean to *protect* our patent. And let it be remembered that the *purchaser* is equally liable with the *manufacturer* of an infringing machine. All our drills are plainly marked "Willoughby Gum Spring Drill, F. Gardner & Co., Carlisle, Pa."

ATLANTIC CITY must be a delightful bathing place. Only twenty-two persons bathing there have been drowned this season! As the bodies are generally recovered, the proprietors of this fine summer watering and drowning place don't lose much on bathing dresses. The bodies of three persons drowned there on Saturday afternoon were brought to Philadelphia the same evening. Pennsylvanians who don't want to be drowned when seeking health and recreation, had better go to Bedford, where they will find the best water, the purest air, the finest scenery and some of the most agreeable people in the world.—*Franklin Repository.*

A WOMAN BITTEN BY A SNAKE.—A few mornings ago as Mrs. Lawrence Donahoe residing near the village of Hopewell was driving the cows to pasture, she stepped on a large rattlesnake that was concealed from her view. His snakeship being thus so rudely interfered with, retaliated by biting the intruder near the ankle joint. The poison of the reptile soon developed itself in the person of the unfortunate lady. Dr. F. D. Earnest was called in to her assistance and she is now entirely out of danger.—*Bedford Co. Press.*

SALE OF TOWN LOTS.—On Monday last Hon. John Cessna, sold ten town lots, formerly belonging to the Lyons' estate. They were purchased by the following persons at the prices named. William Spidle, 1 lot, $425, J. L. Lessig, 2 lots, $902, W. M. Hall, 2 lots, $728, O. E. Shannon, 5 lots, $2,332.

DISTINGUISHED VISITOR.—Mrs. Lincoln and her son "Ta..." are stopping at Cramer's. She did not go to Europe as the *Inquirer* told its readers last week, but has come to Bedford instead. Sensible woman.

SOLD OUT.—John Keeffe has sold his book and stationery store to the *Inquirer* Book Store.

ABOUT TOMATOES.—This healthy vegetable is now used in almost every conceivable shape as food, and for a relish, and among the last, is to stew green tomatoes. This is done by paring half a dozen and slicing them down; then add a little salt and a tea spoonful of sugar, and stew them until they are completely cooked. The juice of the tomato is sufficient, without the use of any water for stewing. Season to the taste. We speak from the record, having used them during the last ten days, and find them as palatable to our taste as ripe ones.

RICE.—One of the best articles of diet, at this season of the year, and a good one at all seasons, is rice. If people would eat plenty of well-cooked rice they would have fewer disturbances of the digestive apparatus.—Rice is both a preventive and cure of "bowel complaints." The Southern crop of this excellent grain will this year reach 66,000 barrels against 45,000 last year.

MRS. S. A. ALLEN'S IMPROVED (*new style*) HAIR RESTORER OR DRESSING, (*in one bottle.*)—Two weeks' trial, and you have the guarantee that you will not have a gray hair in your head.—The natural color and beauty are restored, and a new and luxuriant growth is the result. We have this spoken by those who have used it, and we predict hosts of friends for the inproved preparation, and we are happy to state the price is only One Dollar per bottle. Every Druggist sells it. jul31w4

DON'T FORGET—That the Inquirer Book Store is the place to get cheap books, stationery, papers, magazines, &c. It contains the largest stock of miscellaneous and school books in the county. Any book you see noticed in the newspapers or magazines and wish to obtain, you can get, at short notice and publisher's prices, by leaving your order at the Inquirer Book Store.

OPENED OUT.—Our enterprising young friend, D. W. Crouse, has opened out a Resort Cigar and Tobaco store on Pitt street, next door to Oster's. Dan is determined to please the public, and deserves their patronage.

If Samson's strength actually lay in the length and abundance of his hair a liberal use of the famous "Barrett's Vegetable Hair Restorative" ought to impart many times the strength of that doughty ancient warrior, for there is no limit it will not reach if properly applied.—*N. H. Patriot.*

COARSE people use coarse perfumery, and *vice versa*, it is safe to set down a lady who uses that spiritual perfume, PHALON'S "FLOR DE MAYO," as a person of taste and sensibilty—perhaps a poetess, or a fine musician. Sold by all druggists.

AGENT WANTED FOR BEDFORD COUNTY.—A good live man can receive remunerative employment as agent for the Hartford Live Stock Insurance Company. Address J. F. EATON, Harrisburg, Pa., for particulars. 2w.

Berkstresser & Co. invites everybody in want of clothing, hats, gents' furnishing goods, &c., to give them a call.

STAR AGRICULTURAL WORKS.
THE ALBANY COTTON GIN MANUFACTURING Co., Albany, N. Y., Manufacturers of General Agricultural Machinery, comprising the celebrated "Star" Threshing Machines; "Star" Rail way (or Endless Chain) and Lever Horse Powers; "Star" Cotton Gins and Condensers; Circular Cross-cut Sawmills; Vegetable Cutters; Horse Hay Forks; Corn and Feed Mills; Power Corn Shellers; Dog Powers, &c., &c.
We wish to call the particular attention of Farmers to our celebrated "STAR" THRESHER AND CLEANER, which, as lately improved, we claim it far superior to any other machine now in market. It is compact and easily portable, simple in its construction, and therefore easy to operate by the most inexperienced, and will do its work with marvellous rapidity and perfection, and with comparatively the least demand upon the strength of the animals driving it.
We have made recent improvements in this machine by which we are enabled to thoroughly clean the grain under almost any combination of difficulties, and we are now using an entirely new and effective device for relieving the feeder of dust, thus making the operation of threshing as comfortable and safe as with the ordinary machines it is annoying and frequently destructive of health.
These Machines are made of suitable sizes for our "Star" Railway 2 Horse Power and for our "Star" Lever Powers for 4 and 6 horses.
For sale by our agents and dealers generally. For full particulars, send for our Illustrated Descriptive Circular and Price List. Correspondents will please address The Albany Cotton Gin Manufacturing Co., P. O. Drawer 162, Albany, N. Y.

IF A HUMBUG,

What a wonder
That the doors
Are open wide;
Ever since the
First of August
Thousands have
Pain Paint applied.
Those who lie,
Or call it humbug,
Are the doctors,
Not acquaint;
For they always
Have been jealous
When their patients
Use Pain Paint.
Pile up facts
As high as mountains,
Flash the truth
Before their eyes,
But the cry
Is always humbug,
Men of science
Full of lies.

People know that liniments composed of Cayenne pepper, turpentine, hartshorn, ether, &c., will produce inflammation and pain. To purchase such trash to stop Pain and Inflammation is ridiculous. Fire will not stop heat; a dumb brute shuns the heat, and knows enough to wade in a pond of water, when wounded, to reduce, cool, and cure Inflammation and Fever.

Pimps and gamblers try to look honest, but folks can read the face too plainly. Some try to persuade the ignorant that pills, physic, &c., cleanse the blood, purge the system, and do a hundred other things equally absurd. Everybody knows that it is false, and that no medicine can purify or increase a drop of blood. Food makes blood, bone, and muscle, and is the Staff of Life. Every dose of medicine swallowed is rejected, and hurried out of the system as quick as possible. It is an enemy; yea, a deadly foe. Constipation, ill health, and weakness, are the result of dosing, dosing, dosing the stomach.—The living system has enough to do without working herself to death in expelling and kicking out the pernicious nostrums poured down the throat. Food she welcomes when she needs it; yea, asks for it. Let pill-makers and physic venders stop eating food, and see how long they can subsist on their blood-purifying, invigorating, health-giving medicines and cordials. What humbug is more transparent? A dog would feel so insulted if offered a dose, he would curl his tail downward in scorn, and run away in utter disgust. All physical pain arises from inflammation. Put out the fire and you stop pain absolutely. You can stop pain as easy as you can quench fire with water. WOLCOTT'S PAIN PAINT subdues inflammation, heat, and fever one hundred times faster than ice. Thousands have had a practical test of its merits at the very moment of most extreme pain and they can testify that it has not failed in doing its work. It is simple; it is harmless, it has no stain; it gives no smart; it is for sale by Druggists everywhere: and it is tested free of cost at 170 CHATHAM SQUARE, N. Y., and 622 Arch Street, Philadelphia

My wife had an ulcer on her leg for thirteen years, caused by varicose veins, ulceration extending from her ankle to her knee, some places eating away to the bone. I have employed over twenty physicians at vast expense during this period. But all attempts at cure proved utterly abortive until I tried Dr. Wolcott's Pain Paint, which the doctors told me was a humbug. But humbug or not, it has done the work completely in less than one month, removing the pain at the first application. I kept her leg wet with Pain Paint constantly until healed. I wish we had more humbugs as useful as Dr. Wolcott's Pain Paint. I am well known in this city. any person who wants to make further inquiry will call at 101 West Street, New York, at the Hanover House, of which I am the proprietor, and I think I can satisfy them as to the benefit derived by the use of Pain Paint.

PROSPECTUS.

THE MORNING PATRIOT.

The office of the late *Patriot and Union* having passed into the hands of the undersigned, they propose to supply a vacuum that has long existed in the newspaper press of interior Pennsylvania.

From some cause or other the reading masses of the Democratic party of the great interior counties of the State, have been compelled, either to do without the latest news, or patronize journals whose political sentiments were distasteful to them

The MORNING PATRIOT is intended to supply this want.

Its proprietors are determined that no efforts shall be spared, on their part, to make it FULLY EQUAL, as a newspaper, to any of its competitors Whatever the electric wires are able to communicate, up to the hour of going to press, will be furnished in its columns every morning; and its large size will enable it to give quite as much reading matter as any of its contemporaries.

As an advocate of sound political sentiments, favoring no faction, clique or section, but devoting its entire energies to the good of the whole party; as a vehicle of the latest news, and a chronicler of passing events, we are determined that it shall not be excelled; and we confidently appeal to a discriminating public for that appreciation and encouragement which are indispensable to success.

It will be one of the largest weekly papers in the State, and special pains will be taken to fill its columns with such reading matter as will be alike interesting and useful to the Farmer, the Mechanic and the Man of Business, and to make it an agreeable and welcome visitor to every family.

Every person should subscribe to the paper printed in his own county, and we do not mean to enter into competition with the local papers of the State. But, many people take their home paper and a city paper in addition. To such we send greeting.
